TRC Nominated As Main Contractor For Kelana Jaya LRT

KUALA LUMPUR, Dec 1 (Bernama) -- TRC Synergy Bhd's construction arm, Trans Resources Sdn Bhd, has been nominated as the main contractor for the RM950 million first phase of the Kelana Jaya Light Rail Transit line extension project.

The 9.2Km extension project from Kelana Jaya Station to the Summit Shopping Centre in Subang will include construction of all guideway sub-structure and main structure works, foundation works for the stations and traction power sub-stations, launching and installing the segmental box girders and supplying and installing parapets and noise barriers.

The project is to be completed within 30 months, said executive chairman Datuk Seri Sufri Mohd Zin in a statement on Wednesday.

He said TRC's orderbook swelled to RM1.2 billion with secured project.

Over the last three years, Sufri said TRC has completed several major projects, notably the RM411 million submarine base at Sepang Bay in Sabah, the RM401 million runway extension (Package 3 and Package 4) at Terengganu Airport and RM125 million Dang Wangi district police headquarters.

"Leveraging on our government's commitment to execute initiatives under the Economic Transformation Programme, God willing, we are confident of our prospects in securing more orders in the near future," Sufri added.

This project will positively impact the group's financial performance over the next three years, he added.
